MEMORANDUM FOR: Chief of Operations, DD/P

SUBJECT: Projection-Procedures Under NSC 10/2

1. As stated to you on the telephone, the time has come to resolve, if possible, the question of what advice should be obtained from the State Department in connection with covert operations and what disclosure must be made. At present the extent of disclosure varies considerably as between different area divisions which will of course continue so long as we do not have some reasonably specific understanding applicable to all divisions.

2. Attached is my memorandum to DD/P of 26 May 1953 which discusses the above subject as well as certain questions arising under NSC 10/5. The portion here relevant consists of Sections II and III starting in the middle of Page 4 and running to the end of the memorandum.

3. Unfortunately unlike animate objects, this problem seems to have lost none of its vitality despite its extreme age.
